

Tammy Bachofner

Full time residence, from Oregon and Washington, current Sunbird Finance Committee member, and past ladies golf president.

Retired Executive / CEO for a local, Chapter of a National Construction Association. Worked closely with multiple Boards and Committees
I am running for the Board of Directors because I want to give back to a community that has given so much to me.

Sunbird is more than just a community, it's an extended family. Better yet – it's the family member that everyone wants to visit. I feel I have what it takes to help continue the progressive, forward moving momentum that we are known for. I am proud of our community, our fiscal responsibility that allows us to boast of not only a well-kept, fun, community, but one that is setting new trends by continually being open to new ideals and activities, while ensuring there is something for everyone at every stage of life.

I look forward to the opportunity to serve you, to listen to you and your suggestions. Together we will continue to make Sunbird the Best – better yet, to be the community that all the others want to be like.
I would appreciate your trust in me and your vote.
